## What drives us?

**Vision**

Our vision is to raise our 'Premia Pride' to live their dreams as a generation who are:

- Resilient and Confident lifelong learners
- Agile and authentic individuals
- Innovative and intuitive changemakers
- Socially responsible and humble global citizens
- Empathetic and humane souls who uphold integrity above all

**Mission**

We believe the world needs a progressive mindset, compassionate heart and an attitude that exudes peace. Making young learners embark on a journey which will bring about creativity and innovation, a sense of belonging, gratitude & feeling responsible for self & society. Building the nation and healing the world one child at a time is our endeavour.

**Values**

We are a group of committed individuals who embody

- Integrity & ingenuity
- Energy & efficiency
- Compassion & competence
- Tolerance & tenacity
- Most of all we love our children, learning & life!

**Mission:**

**Vision:**

**Values:**

**NOTES:**

- Check the database for the newsletter subscription
- Add useful links to the bottom of the page
- Change 'Parents Speak' to Testimonials and layout to speech bubble and circular picture
- Better pictures in the Premia Experience
- School statistics section

## **ABOUT US:**

### **MISSION, VISION, VALUES:**

#### **NOTES:**

- Vision, Mission, Core Values to be added here
- Policy documents-Is it possible to encrypt? Share email address to acquire document
- All necessary documents (NOC, Fire Safety, etc)

## **OUR TEAM:**

The screenshot shows a web browser with multiple tabs open at the top. The main content area displays the 'Founders' section of the website. On the left, there's a sidebar with social media links for Facebook, LinkedIn, Instagram, and a Notice Board. The main content features the school's logo, 'THE PREMIA ACADEMY Integrity Above All'. Below the logo, a section titled 'Founders' contains a quote in a speech bubble: 'We are a group of committed individuals who believe that "What sculpture is to a block of marble, education is to the human soul." --Joseph Addison.' To the right of the quote, there's a 'Share' button. Below the quote, there's a paragraph about the advisory board and another about the student body. At the bottom of the page, there's a section titled 'THE FOUNDING TEAM' with a 'Stop sharing' button in the center. The taskbar at the bottom shows various pinned icons and the date/time.

We are a group of committed individuals who believe that, “What sculpture is to a block of marble, education is to the human soul.”

#### **Our Founders:**

Brought together by their vision to make the world a better place through education, the founders of the Premia academy are a zealous, diverse group of individuals whose varied experience equips them with the tools to build the school on a strong foundation in this ever-changing world.

**Nallary Pradeep Reddy-Founder**

Widely recognized as one of the pioneers of the Information Technology revolution in India, Mr Reddy is the MD of The Interbiz and Infosun Group of Companies. He holds a

bachelors in Electronics from IIT, Madras & a Masters in Computer Science from Penn State. He is a visionary and has been a guiding force to the Premia Team.

#### Sinduri Reddy-Founder, Managing Director

With a keen interest in education, Ms. Sinduri Reddy spearheads the Premia Academy with inventiveness and prudence. Her focus is to help students and teachers, both, to adapt to the ever changing world of the 21st Century. She is Premia's strongest pillar!

#### Varun Reddy-CEO, Co-Founder

A director at The Interbiz and Infosun Group of Companies, he ensures that over 3 Lakh employees spread across 800 clients have access to state-of-the-art Human Resource Automation Applications.

#### Subramanayam Kantheti-Co-Founder, COO

He is a business management professional with an experience of over 25 years. Mr Kantheti has been instrumental in setting up and managing schools across the country.

#### Arti Mandhania-Co-Founder, Business Head

She has an experience of 13 years in \_\_\_\_\_ and a double post graduate in child psychology and business management. When not with kids, she is found with a book or a painting.

### Our Academic Team:

#### Trupti Rao-Principal (Educational Qualification)

Her core belief is to impart quality education for all students based on their social, emotional or physical needs. A dedicated, resourceful educationist with proven ability to create and monitor policies that promote a happy and a safe learning environment, she holds in her experience over 20 years of understanding and guiding children and teachers.

#### Rubina Majid-Continuous Professional Development Expert

Having worked extensively with schools in India and abroad, she is the guiding light for our teachers, consistently grooming our teachers to reach their potential. In addition to consulting for Scholastic India and TCS iON for their educational verticals, she runs the Learning Resource Center, a think tank set up to accelerate and support positive change in our education system.

#### Monica Arora-Head Mistress

??????

### Our Advisory Board:

Our advisory board comprises diverse academicians who have a keen interest in providing a unique perspective to our collective vision. Individually they have contributed

tremendously to the field of education, together they bring their unique capacities to our advisory board supporting continual improvement and sustainability.

#### Lalitha Naidu

An academician carrying values of purpose, passion and pedagogy, Ms Naidu presently heads Rockwell International School. She is the Founder Principal of Shadan Group of Modern Schools.

#### Dr. Shivranjani Santosh

Dr Shivarajini is passionate about preventive paediatrics and parent education. A recipient of the TOI Rising star Award, She has her Youtube channel “ Easy Health” to empower people on the importance of First Aid. She has also authored a book to guide on child health concerns.

#### Malini Paul

Her elegant persona often reflects in her work. With an experience of more than 30 years, she is an expert at Pre-School and Primary education. ??????

#### Our Teaching Faculty:

Need group picture of teachers with names from L to R

#### Our Student Leaders:

At Premia, every student is a leader in their own essence. We want to nurture a confident, compassionate student body that is ready to make a positive difference to the world. We affirm that every child deserves a childhood filled with love and positivism. That is the core belief, with which we will take care of each child, as this will contribute to making them exemplary individuals.

(images of student cabinet)

#### NOTES:

- Founders pictures need to be consistent box layout needs to be changed
- Sreedevi needs to be removed
- Designations need to be added for Academic Heads
- Add teachers and description and no of teachers in primary, middle and high school
- Strength of students-Activate at the time of affiliation
- Form and add PTA-Before affiliation

## OUR BELIEFS:

The screenshot shows a Microsoft Edge browser window with the URL [thepremiaacademy.com/ethos.php](https://thepremiaacademy.com/ethos.php). The page features the school's logo and the tagline "Integrity Above All". A navigation bar on the left includes links for Facebook, LinkedIn, Instagram, and a Notice Board. The main content area displays seven beliefs arranged in a circular flow:

- 1. The safe and positive environment (Icon: hands holding a sun)
- 2. Growth & Innovation mindset (Icon: gears)
- 3. Integrity above all (Icon: scale)
- 4. Purpose (Icon: person with a flag)
- 5. Passion (Icon: hands clapping)
- 6. Prodigy (Icon: lightbulb)
- 7. The culture and atmosphere of our school (Icon: pencil)

Each belief has a "Read More" link below it. The bottom of the screen shows the Windows taskbar with various pinned icons and the system tray.

Change Ethos to Our Beliefs-Countdown video with the 5 words

Every child is unique and capable of learning when engaged properly. Premia Academy believes in the development of these primary areas. Every institution has a framework or ground rules that they function with for the empowerment of every stakeholder. We at Premia like to call it the Premia ethos.

### 5. The safe and positive environment (**Safety isn't expensive, it's priceless**)

- A sophisticated air conditioning system that allows us to breathe clean, purified air
- All areas are surveilled with cameras
- Teaching and non-teaching staff undergo background checks
- Staff and visitors vetted and frisked prior to being allowed on campus
- State of the art RO & UV plants to provide students with safe drinking water
- Buses are operated by highly experienced bus drivers and include female attendants

- Infirmary staffed with a qualified nurse, available to students facing minor ailments.

#### **4. Growth & Innovation mindset (Empower & inspire)**

- Establish School norms-Self goals are set with essential agreements and conveyed with positive statements
- E4 circuit: Express, energise, endure & elevate
- Democratized and collaborative group work goals
- Encouraging students to identify, evaluate and solve problems
- Teaching young minds the art and science of business and growth through entrepreneurship
- Mentorship through career counselling drives and programmes to identify individual strengths and skill sets

#### **3. Quest for learning (Lifelong learners)**

- Advocate the thought process that learning never stops
- Equipped with the skills and mindset to be lifelong learners
- Teach our children how to learn not what to learn
- Robust and well rounded curriculum
- Differentiated learning
- Tactile and experiential learning
- Foundational concepts and logical thinking are the base
- State of the art library to encourage readers who can self learn indefinitely
- Scholastic bookroom program designed to make every pupil a profound reader

#### **2. Integrity above all (Virtue in our veins)**

- We imbibe academic honesty in all areas of teaching and learning
- Ensure social-emotional learning across all verticals
- Curated life enrichment programme, Swadhyay
- Guest interactions with people from all walks of life
- Encourage sustainable living through specialised Avani curricula
- Emphasize impetus on relationship building within and outside families
- Counselling and mentoring support

#### **1. Passion (Finding your inner strength), Purpose (The Driving Force), Prodigy (Miracles in the making)**

- Identify their strengths, weaknesses and interest areas
- Career counselling with the help of scientific ability tests and personality tests
- Experts from the field will be invited to address
- Explain to our students about the permutations and combinations of their respective fields
- Organize events and programme to allow children to further explore their likes and interests
- Students are graded on socially productive work

- Mentorship and avenues to explore and excel according to their individual capabilities

## OUR PARTNERS:

The screenshot shows a web browser window with the URL [thepremiaacademy.com/partner.php](http://thepremiaacademy.com/partner.php). The page displays three main partner sections:

- DESIGN THINKING**: A blue section featuring the Creya logo and text about design thinking.
- ENTREPRENEURSHIP**: A red section featuring the MetamorphosisEdu logo and text about entrepreneurship.
- PERFORMING ART**: A black section featuring the Furtados School of Music logo and text about music training.

On the left sidebar, there are links for Facebook, LinkedIn, Instagram, and a Notice Board. On the right sidebar, there are links for Appointment, Parent Login, Enquire, and Read More buttons for each section. The bottom of the screen shows a Windows taskbar with various icons and system status.

### Design Thinking

How do we help your child bring their ideas to life?

Design thinking is implemented at Premia Academy in association with **Creya** during the child's growing years using the mantra-Define, Discover, Dream, Design, Deliver and Debrief! This course utilizes the spatial and logical intelligences of a child in thinking critically, designing and innovating, providing the space for them to bring their ideas to life!

### Entrepreneurship

How do we teach our children to be business minded?

The A++ factors - Ask, Acquire, Analyze, Apply and Assess are the foundation of teaching Entrepreneurship at The Premia Academy! Our curriculum for entrepreneurship developed by **MetamorphosisEdu** fosters leadership, risk taking, team building and being a responsible global citizen. Children use their intelligence of logical, intrapersonal, interpersonal, spatial and naturalistic skills to ideate, incubate and create business models.

### Performing Art

Did you know that music training helps develop areas of reasoning and language training?

"Music is an inborn delight we all cherish; we just need a little push to realize this passion."

In collaboration with **Furtado School of Music**, we do just that and give them the little push they need! Working to develop our children's creative and response skills, we also expose them to various aspects of music. Music brings the world together, and enhances the cultural quotient of our children.

### Experiential Learning

How do we ensure practical learning alongside theoretical learning?

"Experiences stitched together is what makes the perfect garment we call life." It is this thought that has inspired us to collaborate with **Yardstick**. Bringing learning alive through various hands-on activities that allow for the child to apply their learning in the real world enhances their understanding of concepts and helps them engage their keen and curious minds.

### Literacy Based Curriculum

How do we create life long learners?

"Reading is not presented to our children as a chore, a duty. It is offered as a gift!" And to our young readers and leaders, here's the best present we could find, the **Scholastic Levelled Bookroom 4.0**. We are the only school in Hyderabad to have a campus powered with over 6,200 texts, 240 books per level, 60 Short Reads per level and 24/7 digital access with the Leveled Bookroom Accelerator. We believe that literacy skills are integral to knowledge acquisition allowing children to learn throughout their lives as long as they can read.

### Ethics, Etiquette and Empathy (Previously Life Skills)

**Swadhyay-The Experiential Awakening** is a powerful tool built to nurture values, empower change, inculcate new habits, and to initiate a culture of innovation. These are the things that matter most in life. The future is more than we think. It is not just about being at the helm of a career, it is about how your presence makes a difference to the world and this programme is how we hone the necessary skills and knowledge within our children.

### Games and Sports

How do we ensure our children stay fit?

"The world is full of players, be a game changer!" At the Premia Academy sports is a wholesome lesson in time management, self-discipline, focus, resilience and grit as they provide the spirit of competition in our students driving them to go the extra mile in other areas of their learning too. The sports program curated by our partner, **Sports Village**, facilitates students to respect rules while building self esteem & mental alertness to reduce stress and anxiety.

### Sustainable Living (Previously Sagacity...)

How do we encourage social responsibility?

"The greatest threat to our planet is the belief that someone else will save it."

The program Avani, created by **Rubaroo** focuses on equipping children with the why and how of conscious living with the Intent to ensure that our economic, environmental & social necessities doesn't compromise the hope of our future generations living in harmony with nature.

### Experiential Math

How do we make math applicable?

**NumberNagar** is an innovation in experiential Learning in Math for children of ages 3 to 14, with the objective of making learning contextual, engaging and enjoyable, and thus creating meaningful learning experiences for everyone involved. The programme includes kits that are sent out to children in order to explore application based math.

### NOTES:

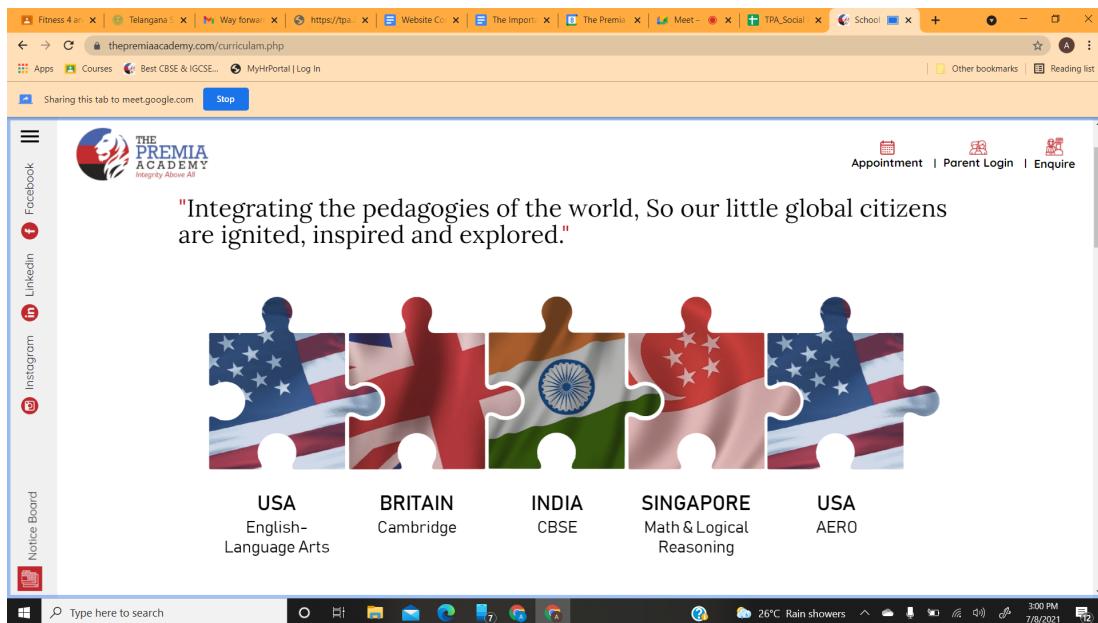

- Mockups with card layout or scroll menu like on homepage
- Remove hyperlinks, and make full size logo on each tab
- Animate the first infographic

### **OUR STUDENT LIFE:**

Cartoonised pictures of every child with their achievements

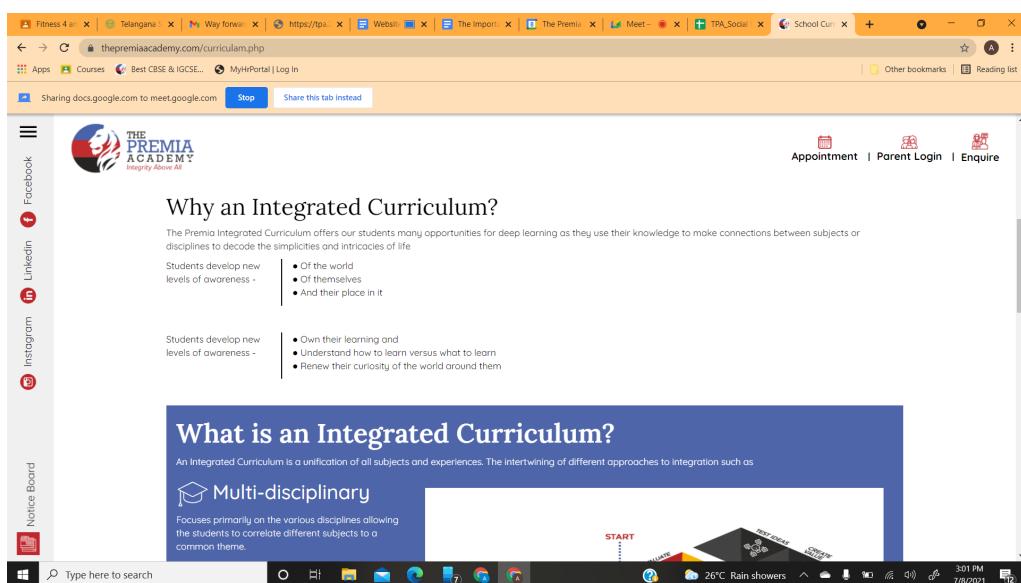

Academic Calendar to go here

## **LEARN WITH US:** **OUR CURRICULUM:**

The screenshot shows a Microsoft Edge browser window with multiple tabs open. The active tab displays the website for The Premia Academy ([thepremiaacademy.com/curriculum.php](https://thepremiaacademy.com/curriculum.php)). The page features the academy's logo and a quote: "Integrating the pedagogies of the world, So our little global citizens are ignited, inspired and explored." Below the quote is a graphic of five puzzle pieces, each featuring a different national flag (USA, Britain, India, Singapore, USA) and corresponding educational programs (English-Language Arts, Cambridge, CBSE, Math & Logical Reasoning, AERO). The right side of the page includes links for Appointment, Parent Login, and Enquire. On the left, there's a sidebar with social media icons for Facebook, LinkedIn, Instagram, and Notice Board. The taskbar at the bottom shows various application icons and the system clock.

Put the top quote in quotation box like founders page

The screenshot shows the same Microsoft Edge browser window, now displaying the 'Why an Integrated Curriculum?' section of the website. The page title is 'Why an Integrated Curriculum?'. It begins with a paragraph about the integrated curriculum offering opportunities for deep learning through connections between subjects. Below this, two columns list student outcomes: 'Students develop new levels of awareness -' followed by a bulleted list ('Of the world', 'Of themselves', 'And their place in it') and 'Students develop new levels of awareness -' followed by another bulleted list ('Own their learning and', 'Understand how to learn versus what to learn', 'Renew their curiosity of the world around them'). At the bottom, a large blue box contains the heading 'What is an Integrated Curriculum?' and a subtext explaining it as a unification of all subjects and experiences. It also includes a 'Multi-disciplinary' icon (a graduation cap) and a small diagram illustrating integration. The taskbar at the bottom remains visible.

Why an integrated curriculum?

Helps us achieve...

		LOGO		
		CBSE		
LOGO	IGCSE	Prepares your child for	IB	LOGO

		Common Core		
		LOGO		

		Understand ing the why, what and how of learning	Tests and applies concepts and mental models	Thinks critically and innovativel y		
Thinks creatively through the design thinking process			IQ			Assess and solves problems efficiently
Fosters multiple perspective s and curiosity	CQ	Creativity Quotient	Intelligence Quotient	Adversity Quotient	AQ	Perceives mistakes as learning opportuniti es
Uses language as a tool for learning and communicati			Learner			Takes sporting risks in a safe environme nt
			Emotional Quotient			

tion			EQ		
		Nurtures relationship s for collaborativ e progress	Develops self-awareness and global awareness	Values holistic wellbeing	

The screenshot shows a web browser window displaying the curriculum page of The Premia Academy. The page title is "What is an Integrated Curriculum?". It defines three types of integrated curricula: Multi-disciplinary, Interdisciplinary, and Transdisciplinary. A large diagram illustrates the "INNOVATION MINDSET" and "GROWTH MINDSET" integration process.

**What is an Integrated Curriculum?**

An Integrated Curriculum is a unification of all subjects and experiences. The intertwining of different approaches to integration such as

**Multi-disciplinary**  
Focuses primarily on the various disciplines allowing the students to correlate different subjects to a common theme.

**Interdisciplinary**  
Integrating the sub-disciplines within a subject area makes students understand the connections between the different sub-disciplines and their relationship. Example: Integrating reading, writing, and oral communication in language arts.

**Transdisciplinary**  
Here the curriculum is organized around student questions and concerns. Two routes lead to transdisciplinary integration: i.e project-research based and collaborative learning.

The diagram illustrates the integration of the Growth Mindset and the Innovation Mindset. It shows a circular flow from Start to Finish, divided into four quadrants:

- Define Needs (Blue Quadrant):** Contains icons for Build Team, Think Agile, Engage, and Project Leader.
- Think-Agile (Red Quadrant):** Contains icons for Evaluate, Create, Innovate, and Test Ideas.
- Innovate (Yellow Quadrant):** Contains icons for Define Potential, Measure & Optimize, and Create.
- Create (Black Quadrant):** Contains icons for Understand, Test Ideas, Create, and Innovate.

The flow starts at the bottom right (Create) and moves clockwise through Innovate, Think-Agile, and Define Needs, ending at the top right (Understand).

An Integrated Curriculum is a unification of all subjects and experiences. The intertwining of different approaches to integrated learning.

Trans	Multi	
Grade 1- 2	Grade 3-5	
Multi Learning		Inter
Nursery-PP2	Student is exposed to	Grade 6-8

**ANIMATE THE GROWTH MINDSET AND INNOVATION MINDSET-Shift to Ethos Page**

**ADD NEP BASED 5+3+3+4 FORMAT**

**How do we integrate - Premia Niche?**

The core belief of our curriculum works on Howard Gardner's Theory of Multiple Intelligences. Fulfils the learning outcomes of CBSE, IGCSE, Common Core, Aero & IB. Considers different types of learners in a class. Caters to the innate aptitudes and attitudes of every student. Aids differentiated learning- allows for individual learning processes. Enables each learner to utilize his or her specific abilities to demonstrate learning.

Our curriculum is an amalgamation of the different Methodologies & Theories of teaching such as Maria Montessori, Reggio Emilio, Jean Piaget etc. Where -

- Reading and literacy is the base
- World class Scholastic Levelled Bookroom 4.0
- Research for a learning experience is encouraged
- Expanding the world view is a norm

Thus, helping them evolve their authentic self, driven by purpose and fuelled by passion. Every well-wisher of a child wants the child to be successful and happy, this can be achieved if we encourage children to be their true and authentic selves.

## How do we teach an integrated curriculum?

Inspired by the theories and pedagogies of great minds and pioneers in the field of education, we use the best practices to deliver our curriculum in the classroom!

		Self-directed and collaborative learning to encourage the child to learn in any environment		
Concepts are selected based on the stages of cognitive development , supporting natural human growth	Jean Piaget	Maria Montessori	Arnold Gessell	Literacy based curriculum and guided reading programme to support individual rates of cognitive development
Experiential learning in relationship	Reggio Emilio	Who inspires us?	Howard Gardener	Multiple intelligence theory helps

driven environment s to help overall development of the child				us cater to each child's individual learning styles
---	--	--	--	---

The screenshot shows a Microsoft Edge browser window with multiple tabs open, including various school-related sites like 'School Curriculum', 'Website Content', and 'Website Links'. The main content area displays the 'Curriculum' page for The Premia Academy. The page features a logo for 'THE PREMIA ACADEMY Integrity Above All'. On the left, there's a sidebar with social media links for Facebook, LinkedIn, Instagram, and a 'Notice Board'. The central content area is divided into several sections: 'Intelligences Visual & Spatial Picture Smart' (with an icon of a person drawing), 'Nuances' (describing learners who like inclines), 'Sparks: What Excites Them' (listing activities like visualizing colour and drawing), 'The Premia Path: Helping Them Thrive' (mentioning integrated art and design), and 'The Prodigies: The Shining Ones' (mentioning Leonardo Da Vinci and M.F. Hussain). To the right, there's a vertical bar with colored boxes representing different intelligences: Linguistic (blue), Logical / Mathematical (dark blue), Bodily / Kinesthetic (red), Musical (blue), Existential (black), Interpersonal (blue), and Interpersonal (red). The bottom of the screen shows the Windows taskbar with various pinned icons and system status information.

Remove from the integrated page and this could be a blog or a whole separate page
